

Emergency childcare during Easter holidays

Dear parent,

To avoid further diffusion of the Corona virus, the Flemish government decided to cancel all youth activities and camps during the coming Easter holidays.

As a result, parents working in one of the defined critical sectors and essential services might need an alternative childcare solution.

The city of Antwerp wants to provide a suitable solution for this need and wants to know how large the demand for childcare is.

Please fill out the form on <https://cutt.ly/noodopvangpasen> as soon as possible if you need childcare during the Easter holidays.

You will be contacted by the city of Antwerp to discuss the possibilities for your child(ren) between Monday 30/03/2020 and Friday 03/04/2020.

Many thanks in advance!

Kind regards,
